TECHNOLOGIES LLC

US Patent # 6,634,681

Made in USA

FEATURES

- **STRONG** — Stainless steel aircraft cable withstands more than 3,000 lbs. of force.
- **RELIABLE** — Patent Pending. RUGGED and SIMPLE design with very few parts.
- **SIMPLE TO INSTALL** — A few simple hand tools will make the installation. Unique cable connection gives high cable strength.

- **EASY TO OPERATE** — Even a small child can operate. Will not accidentally relock.
- **VERSATILE** — The same standard unit will install on either side of the window.
- **ONE SIZE FITS ALL** — Standard Unit fits walls up to 11" [280MM] thick. Option for thick walls up to 20" thick.

- **RESISTANT TO MISALIGNMENT OF BARS** — Lock is on the inside, away from moisture, rust and corrosion.
- **ATTRACTIVE INSIDE COVER** — STRONG ABS Plastic cover. Can be left as is, painted or papered with matching wall paper.

Made From Stainless Steel, Steel, and T-6061 Aluminum.
Shipping carton dimensions (single carton) = 20" x 4" x 4"
Shipping weight (single carton) = 6 lbs.
